Protect your little girl(s) against UV exposure. Check out Tuga's collection of sun protection clothing, and you'll find all the sun protection clothes and accessories you need to keep your children safe from both damaging UVA and UVB rays.

Some sunscreen only protects against UVB exposure, so 50+ UV sun protection clothing keeps girls safe from both. They can play out in the sun for as long as they wish with a lot less need for you to worry about excessive sun exposure!

TUGA's collection of Girls sun protection clothing includes 1, 2 and 3-piece girls swim suits, rash guard shirts, outdoor technical shirts and T-shirts, as well as a variety of girl shorts.

All our sun protection products are rated 50+ UPF Protection! Tuga's sun protection clothes are designed for girls from 6 months to 14 years old. We use all in-house designed prints, so you will find a unique line of girls sun protection clothing. For a complete outfit, be sure to check out our hat and shoe sections.

## More about Sun Protective Shorts for Girls

We picked colors that will surely match your girl's personality and make her look precious, so that these girl sun protective shorts are 2 pieces in 1: a fashionable piece of clothing and an efficient way of keeping your kid safe from both UVA and UVB radiations (the two types of damaging UV rays that reach the Earth).

To ensure you girl is fully protected, match the shorts with sun protective shirts and sun protective t-shirts from our collection. Also, don't forget about the matching sun protective hats and shoes, and your little girl's outfit will be complete and effective!

## Sun Protective T-Shirts for Girls

Check out Tuga's line of sun protective t-shirts for girls

These sun protective t-shirts are ideal for day-to-day wear: they come in both long and short sleeve and in a variety of colors to fit every little girl's (and parent's) demands.

Our sun protective t-shirts are made of 100% cotton and guarantee a 50+ UPF protection (compared to an average 8-10 UPF protection offered by a typical t-shirt). With Tuga's sun protective t-shirts for girls, you can rest assured knowing your kids are safe playing outside. To complete your sun protection needs, check out our sun protective hats section. ### More about Sun Protective T-Shirts for Girls

Did You Know... the two kinds of UV rays that reach the Earth are UVA and UVB. Studies have shown many sunscreen lotions only protect against UVB, letting UVA be entirely absorbed by your skin (as it was thought to have little effects on skin).

Recently, more and more awareness has been raised to the effects of UVA exposure, and it's been concluded it is a major contributor to skin damage. It's also one of the main suspects in skin cancer and skin aging. Fortunately, sun protective clothes protect against both types: UVA and UVB. So, choose your sun protective t-shirts right now!

## Sun Protection Shirts for Girls

Our sun protection shirts from eco-friendly Cocona® Fabric

Exosport is our new line of sun protective outdoor shirts utilizing high-tech cocona fabric made of 100% recycled polyester embedded with activated carbon from burned coconut shells. This environmentally friendly fabric provides UPF50+ protection from harmful UV rays, odor management, moisture wicking, and static control.

Exosport fits and wears like a t-shirt but is lightweight and extremely comfortable. Great for everyday use and especially with high energy outdoor activities like soccer practice! [Read more about Sun Protection Shirts for Girls](#)

### More about Sun Protection Shirts for Girls

Did you know that the average t-shirt only has a UPF rating of 8 and as low as a 2 when wet! They may protect from sun burn but damaging UV rays are still getting through and causing long term skin damage. Assure the highest level of protection by using tested Exosport shirts with UPF50+ rating and get the added benefit of a performance shirt with the additional benefits of moisture and odor control.

## Sun Protective Shirts for Boys

### Exosport sun protection shirts made with eco-friendly Cocona Fabric

Exosport is our new line of sun protective outdoor shirts utilizing high-tech cocona fabric made of 100% recycled polyester embedded with activated carbon from burned coconut shells. This environmentally friendly fabric provides UPF50+ protection from harmful UV rays, odor management, moisture wicking, and static control.

Exosport fits and wears like a t-shirt but is lightweight and extremely comfortable. Great for everyday use and especially with high energy outdoor activities like soccer practice! [Read more about Sun Protective Shirts for Boys](#)

### More about Sun Protective Shirts for Boys

Did you know that the average t-shirt only has a UPF rating of 8 and as low as a 2 when wet! They may protect from sun burn but damaging UV rays are still getting through and causing long term skin damage. Assure the highest level of protection by using tested Exosport shirts with UPF50+ rating and get the added benefit of a performance shirt with the additional benefits of moisture and odor control.

## Sun Protective Shorts for Boys

Tuga's collection of sun protective shorts for boys

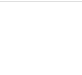

Choose any of these boys sun protective shorts for your kid to either wear them separately or to match with the sun protective rash guards and sun protective t-shirts from Tuga. The boys' sun protective board shorts are made from 100% micro polyester and are very comfortable, offering a 50+ UPF protection at the same time.

As they're made of polyester, the sun protective shorts will not shrink or suffer discoloration and they dry very quickly. This makes them perfect for swimming, water parks and water games, but also for outdoor wear. [Read more about Sun Protective Shorts for Boys](#)

### More about Sun Protective Shorts for Boys

Our sun protective shorts are specially designed for your boy(s), as they come in boyish colors: blue, olive and black. To make the design unique, there's also a sea turtle - Tuga's logo - silkscreened on the leg of the boys sun protective board shorts.

The remaining shorts are made from nylon/lycra, the same material as our sun protective rash guard shirts. This material is lightweight, comfortable and quick-drying. The shorts look great stand-alone or matched with one of our swim shirts for greater sun protection.

## Sun Protective T-Shirts for Boys

Check out Tuga's line of boys sun protective t-shirts for everyday wear on those sunny summer days. They come in both long and short sleeve and in a range of colors. These high quality sun protective t-shirts look great and will protect your boy while he enjoys a day playing in the sun.

Unlike normal t-shirts that typically provide 8-10 UPF protection, Tuga's sun protective t-shirts give a guaranteed 50+ UPF protection. For even better sun protection for your boys, also check out the sun protective hats section. [Read more about Sun Protective T-Shirts for Boys](#)

### More about Sun Protective T-Shirts for Boys

Unlike TUGA swimwear, because our sun protective t-shirts are made from 100% cotton, they are treated with a chemical to provide superior sun protection throughout the life of the shirt. The chemical used has been extensively tested to ensure no adverse affects on one's body or skin.

Did You Know... Many sunscreen lotions only protect against UVB rays; but there's two kinds of harmful rays that reach the Earth, the other one being UVA. Recent research has shown the damaging effects of UVA exposure (until recently, UVA was thought to be virtually harmless).

Consequently it is very important people protect themselves against both to avoid premature skin aging, skin cancer and even cell mutations that can be caused by UVA. One effective way of doing this is using sun protective clothes.

**UV Protective Hats for Boys**

Here is Tuga's collection of UV protective hats for boys

Active boys clearly need protection against UV rays, and one of the most effective ways of keeping them safe in the sun is to utilize one of our boys' UV protective hats.

Our UV protective hats are made from the same material as our Tuga UV protective swimwear and consequently offer a 50+ UPF protection. Boys UV protective hats come in two styles: bucket and legionnaire and both provide great protection from the sun for one's face, head, neck and ears. ## UV Protection Clothing for Adults

UV protection clothing for grownups of all ages

Adult UV protection clothing are designed for individuals who want to protect their body against harmful UV rays. All fabrics used in our UV protection clothing are highly effective in protecting against both UVA and UVB exposure (while some sunscreen lotions only protect against UVB).

With our UV protection clothing, you can confidently guard against harmful effects of sun exposure such as skin aging, skin cancer and other cosmetic or medical issues.

An important message from dermatologists is that it is never too late to begin practicing safer sun habits. That includes both visiting a dermatologist regularly as well as taking actions to lessen further skin damage. Browse through our selection of adult UV protection clothing categories. With a wide variety of both designs and colors, you are sure to find something just right for you!

## UV Protective Clothing for Men

### Introducing Tuga's line of men's UV protective clothing

It is advised for individuals who are highly sensitive to sun exposure, or who will be exposed to direct sunlight for an extended periods, to wear UV protective clothing. However, it is widely recommended by the medical community that all individuals benefit from wearing UV protective clothing and therefore lessening their exposure to the damaging effects of excessive UV radiation. ## More about UV Protective Clothing for Men

Due to the thinning of the ozone layer, a higher quantity of both UVA and UVB (two types of damaging UV rays) reach the Earth surface. This is a primary reason why risk of sun burns, premature skin aging and skin cancer are becoming more and more of a concern to both doctors and patients.

One of the most effective ways to protect yourself against these two kinds of damaging UV rays is to wear UV protective clothing and UV protective accessories. Unlike some sunscreen that only protects against UVB, the fabric in Tuga's men UV protective clothing is made to prevent harmful UV radiation from damaging your skin.

Browse our UV protective clothing below and you'll find all the men UV protective clothing you need: short and long sleeve UV protective t-shirts and UV protective rash guards, in a variety of colors and designs. For additional UV protection, check out the UV protective hats category.

## UV Protective Clothing for Women

### Stylish and comfortable women UV protective clothing

Tuga's collection of women UV protection clothing offers a nice selection to address your typical UV protection needs: short or long sleeve UV protective rash guards of different colors and designs, as well as long and short sleeve UV protective women's t-shirts offered in different colors. All our UV protective clothing provides at least 50 UPF protection which means they keep safe from both UVA and UVB rays, whereas some sunscreen lotions will only protect against the latter. Tuga's UV protective hats are made from tested fabrics that guarantee 50+ UPF protection. A hat designed specifically for UV protection is important both for kids and adults exposed to the sun. The hats offer great protection for the head and neck without sacrificing style. Tuga's line of UV protective hats provide plenty of choices with many color and design options.

To go beyond functionality, all of Tuga's UV protective hats come in palette of lively colors and patterns that match our UV protective swimsuits, UV protective rash guards, skirts and shorts. Most of The children's UV protective bucket hats are 2-sided, so you actually get 2 UV protective hats in one! The UV protective hats are made from the same fabric as the swimwear, and thus are lightweight, able to get wet and quick to dry.

## Sunscreen

A line of sunscreens to complement Tuga's sun protection clothing line

The sunscreens we are featuring below are some of the best you'll find on the market. Unlike some sunscreens you'll find in shops and drugstores, these sunscreens offer high level UPF protection and keep both UVA and UVB radiation from damaging your skin.

UVA and UVB are the two types of rays that reach the Earth surface and can damage human (and even animal) skin. However, UVA has only recently been determined to have a significant role in skin cancer and skin aging which is why it is critical to use a sunscreen that address UV A rays. Such a sunscreen is often called 'broad spectrum' lotion. [Read more about Sunscreen](#)

## UV Accessories for Kids

Use Tuga's kids UV accessories to complete your kid's cool look

Tuga's line of necklaces, bracelets and sunglasses are designed to complete your kid's highly UV protective outfit in terms of style and/or protection. Many necklaces and bracelets feature a sea turtle - Tuga's logo - that you will also find on Tuga's UV protective shirts, rash guards, t-shirts, hats, shorts and skirts.

The sunglasses in this category offer 400+ UPF protection for eyes, and are highly recommended for your children. It's been proven that exposure to the sun without appropriate protection can cause a range of eye related afflictions like cataracts, pterygium and pinguecula formation. So whether your focus is style or health, you will be certain Tuga's sunglasses serve both purposes. Pick Tuga accessories from below to keep your children safe in the sun!

## Sunglasses

A collection of highly UV protective sunglasses from Tuga

The harmful effects of sun exposure to the eye are present for adults and children, but they are far more damaging to kids' eyes. Did you know that radiation is partly absorbed in the lens of an adult eye, but it will go right through the lens of children, reaching all the way to the back of the eye?

It is a great idea to introduce sunglasses to your children at an early age to encourage their everyday use. Seeing mom and dad wearing their UV protective sunglasses is a great motivator for kids. Utilizing Tuga's sunglasses ensures 400 UPF protection for your children's eyes. [Read more about Sunglasses](#)

## UV Protection Clothing for Dogs

UV protection clothing to keep your canine friend safe in the sun

[RASHGUARD SHIRTS](#)
[VISORS](#)
[BELLY BANDS](#)

Getting UV protection clothing for dogs may seem like an eccentricity to some, but the truth is dogs can suffer from sun burns and UV damage just as humans do. Dogs too can get skin cancer and other sun-related disease, so they need you, their owner and friend, to keep them safe and protected.

An easy and efficient way to do this is to get special UV protection accessories for your canine friends. Check out Tuga's collection of dog UV protection -we have it all, from UV protection rash guards (that also keep your dog safe in the water) to UV protection visors and other useful accessories.

**UV Protective Rash Guards for Dogs**  
A collection of highly effective dog UV protective rash guards

One very effective way of protecting your pet against both harmful UV radiations that reach the earth (UVA and UVB) is to dress him or her up in a UV protective rash guard.

All of Tuga's UV protective dog rash guards utilize tested fabric and guarantee 50+ UPF protection, and are also suitable for water play. They dry very fast and your dog's coat will be kept cleaner when outdoors. The colors our UV protective rash guards come in are lively and your dog will stand out and look great! Search and pick one from the UV protective collection below and for even better protection, don't forget to get your dog a matching UV protective visor. ## UV Protective Visors for Dogs

Keep your dog safe in the sun with UV protective visors

UV protective dog visors (or UV protective dog hats) will help you keep your man's best friend safe in the sun. These UV protective dog visors are specially created for dogs, look adorable and are a great way to reduce potentially harmful UV rays from reaching your pet.

Tuga's UV protective dog visors are made from the same high quality fabric used for the ?human? UV protective swimwear. It has been tested and provides 50+ UPF protection. These UV protective visors dry fast (just like the UV protective dog rash guards) and come in colors and designs that match the UV protective rash guard shirts! So go ahead and pick, mix and match the UV protective visors for dogs. Your dog will look better and be protected against the UV radiation! [Read more about UV Protective Visors for Dogs](#)
